Fisheries Review is intended to furnish fishery biologists with abstracts of current literature in sport, fishery research, and management.

One volume, consisting of four numbers, is issued each year. Each number contains separate Author, Geographic, Taxonomic, and Subject indexes. Authors who publish in journals not screened for *Fisheries Review*, and who would like their publications included, should submit abstracts to the Editor.

The U.S. Fish and Wildlife Service assumes no responsibility for the accuracy of material from outside sources.

Fisheries Review

Vol. 37, No. 3 1992

Contents

AQUATIC PLANTS AND THEIR CONTROL 1

CULTURE AND PROPOGATION

General Fish Culture 1
Trout and Salmon Culture 2
Other Anadromous Species Culture 3
Warmwater Culture 3
Mariculture 6
Feeds, Feeding, and Nutrition 7
Transporting Fish 10
Aquariums 10
Miscellaneous Culture Techniques and Equipment 11

ENVIRONMENTAL ISSUES, GENERAL AND MISC. 12

LIMNOLOGY AND OCEANOGRAPHY

General 12
Physical 12
Chemical 12
Plankton 12

MORPHOLOGY, PHYSIOLOGY, GENETICS AND BEHAVIOR

Morphology 12
Physiology 17
Genetics, Variation Studies and Hybridization 43
Behavior 49

NATURAL HISTORY

Life History - General Works 57
Population Studies, Production, Recruitment, etc. 61
Spawning Habits and Movements, Fecundity, etc. 66
Movements, Seasonal and Depth Distribution, etc. 68
Foods/Feeding 69
Age and Growth 73
Geographical Distribution, Fish Surveys, etc. 77
Abundance, Factors of; Survival and Mortality 80
Identification, Keys, Classification 81

PARASITES AND DISEASES

General 82
Bacterial 83
Fungal 86
Protozoan 87
Viral 87
Other 88

POLLUTION AND TOXICOLOGY

Pollution 91
Fish Kills 96

Toxicology; Bioassays 96

RESEARCH AND MANAGEMENT

General 106
Administration and Planning 109
Reports of Fishery Stations, States, etc. 110
Habitat Alterations 110
Harvest, Creel Census, etc. 111
Regulations 112
Fish Control and Removal 113
Marking and Tagging 113
Stocking and Introductions 113
Fishing Gear and Techniques 114
Fishways, Fish Passage Through Dams, etc. 116
Mathematics, Statistical Methods, and Modeling 116
Lake Management and Research 121
River and Stream Management and Research 123
Farm Pond and Small Impoundment Management and Research 126
Large Impoundment Management and Research 126
Estuary Management and Research 128
Marine Management and Research 128
Utilization of Fishery Products 132
Miscellaneous Techniques and Equipment 134
Watershed Management 135
Miscellaneous 135

AUTHOR INDEX (Blue) 137
GEOGRAPHIC INDEX (White) 193
SYSTEMATIC INDEX (Blue) 205

AVAILABILITY OF REPRINTS AND PUBLICATIONS

Fisheries Review does not distribute any of the papers cited herein, nor can the editor of *Fisheries Review* obtain copies of these papers for anyone. A reprint of an article published in a journal may be available from the author, from the organization with which the author is affiliated, or from the publisher of the journal in which the article appeared. When an author's address is known, it is shown in square brackets following the citation. Addresses of most wildlife organizations can be obtained from the Conservation Directory, an annual publication available from the National Wildlife Federation, 1412 16th St., N.W., Washington, D.C. 20036. This directory lists more than 900 agencies and organizations concerned with natural resources use.

Camera-ready copy for this issue of *Fisheries Review* has been generated by computer programs developed by the Data Base Section, U.S. Fish and Wildlife Service, Office of Information Transfer, 1201 Oak Ridge Drive, Suite 200, Fort Collins, CO 80525-5589.

As the Nation's principal conservation agency, the Department of the Interior has responsibility for most of our nationally owned public lands and natural resources. This includes fostering the wisest use of our land and water resources, protecting our fish and wildlife, and providing for the enjoyment of life through outdoor recreation. The Department assesses our energy and mineral resources and works to assure that their development is in the best interests of all our people. The Department also has a major responsibility for American Indian reservation communities and for people who live in island territories under U. S. administration.
